

# The Token Hunter National Utah Token Society

Next Meeting: Nov. 16, 2023 7 PM

Columbus Community Senior Center, 2531 S. 400 E., SLC 84115

## President's Message

Happy November everyone!

I hope everything is going well as we get into the holiday season. We only have two more meetings this year, so there are not a lot of announcements this month.

Our November meeting is this next Thursday and we will be holding our club officer elections. Wade, our Vice President, is going to be leading the way on Thursday because I will not be attending the meeting this month. It would be my pleasure to serve as your President again next year, and I am leaving it up to you guys in this week's election. After our election, Bob will be taking the stand and instructing us for the rest of the evening.

Then, we will be having our December Christmas party on Thursday, December 14th. As of today, we have not been able to nail down WHO is going to be catering our meal or how much it is going to cost. But that is our top priority at this moment and we will be sending a follow up email ASAP.

I look forward to seeing all of you these next couple months! Have a great week everyone.

Steven Cuthbert

President of the National Utah Token Society

Membership for 2023: \$20 Individual, \$30 Household, \$10 Junior

Will have a 1/20oz. China Gold Panda, Spriggs & Crook Park City token and more.

# News and Events

If you ordered the club Medal for 2023, they should be available for pickup at November's meeting.

## Collecting Elongated Coins From Amusement Parks

Squishing pennies is nothing new, at the World's Columbian Exposition in 1893 elongated coins were available. Modern Amusement Parks have a variety of machines throughout the parks. Some of the machines have up to 8 different designs and the prices ranges from \$1 to \$2 for one elongated cent, up to 8 coins for as low as \$5. Many of the new machines provide the coin and take credit cards. Some still require cranking the press to produce the coin as the newer ones have a motor to automatically elongated the coin. There are a few elongated quarters, as well as several medallions.
